Needlecraft Vendors

Your product labels are regulated by the federal government. Please refer to the following website for more information:

Basically, all items made of material coming in contact with a person's body must be labeled.

Your label must have the following information:

- ☐ price
- ☐ complete fibre content
- ☐ your name
- ☐ your contact address and/or phone number

The labels need to be on **each** item. You can use a small safety pin.

Please remember, our market has liability insurance, but it does not cover you personally. At this time we do not require you to carry insurance, so please work with us to make our market SAFE and enjoyable.
